MONOCOLOR

DOS ACABAMENTOS UTILIZADOS EM NOSSA LINHA, ESSE É O MAIS SIMPLES, MAS NÃO MENOS IMPORTANTE. O REVESTIMENTO MONOCOLOR É AQUELE QUE APRESENTA APENAS UMA COR NA SUA SUPERFÍCIE, PODENDO SER ESMALTADO, NATURAL OU RÚSTICO. ELE É UM CORINGA PARA PROJETOS MAIS *CLEAN*, QUE DESEJAM UNIFORMIDADE.

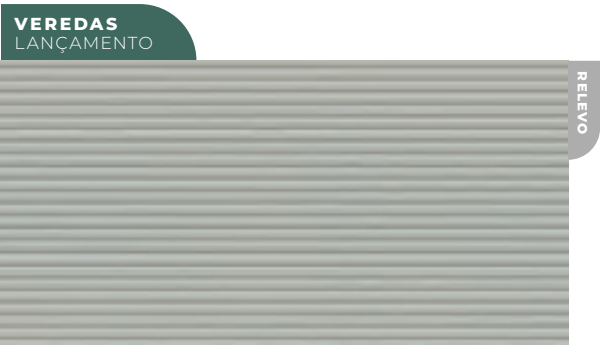

Out of the finishes used in our line, this is the simplest one, but no less important. The monocolour covering is the one that presents only one color on its surface, and can be enameled, natural or rustic. It is a wildcard for cleaner projects that want uniformity.

De los acabados utilizados en nuestra línea, este es el más simple, pero no el menos importante. El revestimiento monocolor es el que presenta un solo color en su superficie, que puede ser esmalteado, natural o rústico. Es el comodín para proyectos más clean, que desean uniformidad.
